101 BEGINNER CLINICS

Tennis: Designed for beginner adults, Tennis 101 is a class that will provide you with the basic skills and knowledge to move forward with confidence in our tennis program. This class is a great opportunity for those who have never played tennis before and are interested in a lifetime sport!

Pickleball: This Clinic is designed for players who are currently trying to learn the basic skills and knowledge of the sport as well as the rules, technique and strategy of the game. The class uses a lot of cooperative drills and coaching to help players become more comfortable with their strokes. As the participants become more comfortable, the instructors will introduce some games to help them practice what they have learned.

Padel: This Clinic provides a structured lesson for players to learn the fundamentals of the sport. As participants become familiar with the basic strokes, instructors will introduce drills and games to help them practice. The session concludes with point-based games, where the instructor gives feedback on strategy and shot selection.
